Apparently a lot of stuff has been going on with/about Lee that I had no idea of. I'm linking stories from the DAILY ASTORIAN, which appears to be conducting its own investigation, and then links to a local "news" blog called North Coast Oregon. That site is run by a young man who regularly sticks up for Lee and the county and now has as part of his "staff" Carrie Bartoldus, the woman who ran the political campaign against the DA ballot measure. The same woman who accepted \$4000 from Richard Lee's daughters' brother's girlfriend and both she and Lee claimed they had no idea who she was. That was the investigation the SecState refused to follow up on.

Now you'll see this NCO site is posting Lee's side of things and claiming the investigation is all my plan. I have absolutely nothing to do with the recall other than that I live in his district and signed the petition.

This may be why no-one's publicly commented on your inquiries....so many other questions are being asked about related issues.

But as you'll see Ed Wegner, Scott Derickson, and Jennifer Bunch may be people you want to talk to. I just wasn't you to have all the info.

I know it's a lot but it seems pretty interesting.

Good luck!
